- Utilisez les vis de montage fournies et NE SERREZ PAS TROP les vis de montage.
- Ce produit contient de petites piéces qui peuvent causer un étouffement si elles sont avalées. Eloignez ces piéces des enfants.
- Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.

IMPORTANT: Avant l'installation, assurez-vous que vous avez reçu toutes les pieces selon la liste de vérification des composants. Si une piéce est manquante ou endommagée, té1éphonez à votre distributeur local pour qu'il la remplace.
MAINTENANCE: A intervalles réguliers (au moins tous les trois mois) vérifiez que le support est d'utilisation sûre et fiable.

Preface

This electric height adjustable standing desk consists of a heavy-duty steel desk frame and a motorized height adjustment system. Please read and completely understand this manual before installation in order to make sure the safe and correct use of the system and maintain the longevity of the overall construction and the built-in electronics

Instructions of Safety and Warnings:

- Any failure to comply with the safety and installation instructions in this manual may cause serious bodily injury.
- Any incomplete observation of the instructions, warnings and additional information marked with the "Note" may result in serious damage to the system or its components.
- This product can be used by children aged from 8 years and above if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. Unplug the desk when the system isn't in use, and place the power plug out of children reach.
- Persons with reduced physical, mental abilities and or lack of experience and knowledge must not use the product, unless they're under supervision, understand the hazards involved or they have been thoroughly instructed in the use of the apparatus by a person who is responsible for the safety of these persons.
- Users should make sure that they never sit on the desktop in order to prevent serious bodily injury.

Electrical Safety Instructions:

The product is powered by electricity. In order to avoid burns, fire and electric shock, please read the instructions carefully.

Don't clean the product with water while the power is still connected.

Never operate the system if it's in moist environment or its electrical components have contact with liquids.

Don't disassemble or replace components while the power is still connected.

Don't operate the system if the control box makes noise or odor. Alterations of the given power unit and control box aren't allowed.

Never operate the system with a damaged cord or plug.
Please contact your point of purchase to replace the damaged parts.

Other Safety Instructions:

- Clear up all obstacles within the height adjustment range.
- Don't leave the cords or plug unorganized in order to prevent tripping hazards.
- Any attempts to reconstruct the desk frame aren't allowed.
- Don't add anything to the adjustable junctions of the desk frame.
- Outdoor use is prohibited.

3 UVI Sit-Stand Frame LITE

Preparation

1 What are the specifications you need to know?

Weight capacity
80kg

Power Input
100-240V

Operation temperature
-5°C - +40°C

2 What are the tools you require for the installation?

Bubble Level

Allen Wrench
(included)

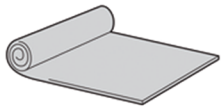

Drill

Screwdriver

3 Recommended protection.

A Shipping Blanket
to protect the deck
and the floor

4 Things you need to know before installation

Please check all of the components shown in the component checklist. If any of the components are missing or damaged, contact your point of purchase for a replacement.

Disposal: The product with this mark indicates that this product shouldn't be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the local recycle service or contact your point of purchase to withdrawn the product.

Attaching Side Brackets

 S-A (x16) Hex Head Screw	 S-B (x10) Head Screw + 1 Spacer	 S-C (x2) Head Screw
 S-D (x4) Head Screw	 S-E (x3) Cable Clip	 S-F (x8) Rubber Pad
 S-G (x1) Allen Wrench		

Now let's begin the installation
Attaching Side Brackets

1

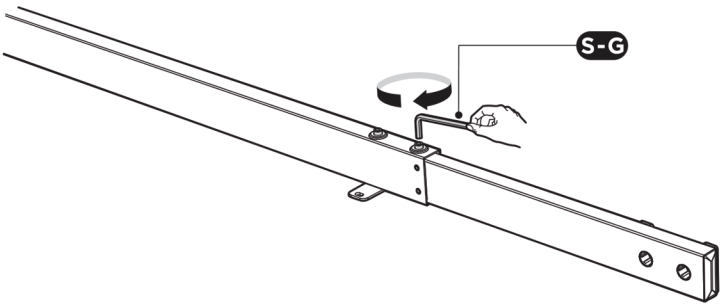

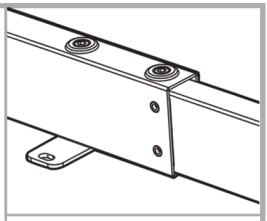

- Please prepare a spacious area for installation, and put a shipping blanket on the floor to prevent scratches on the floor and the frame.

- Loosen the hex head scews that fix the adjustable junction, but do not completely take out the screws.

Note: The drawings of the crossbar are the backside of the components. Please make sure the crossbar keeps facing down during installation to make it easier to follow further steps.

2

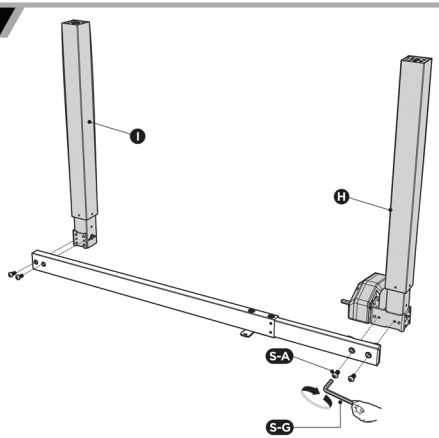

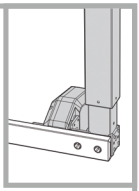

Loosen the hex head screws that fix the adjustable junction, but don't completely take out the screws.

Assembling the Legs

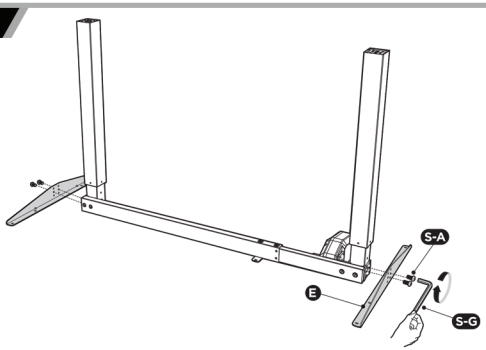

3

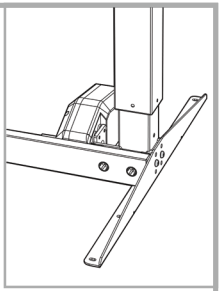

- Insert one leg into one end of the crossbar with the head of the leg facing inward. Make sure the mounting holes on the legs are completely aligned with the screw holes on the crossbar.
- Fix the legs H/I with the crossbar using 2 screws **S-A** with the **Allen Wrench S-G.**
- Repeat the same process to assemble the other leg.

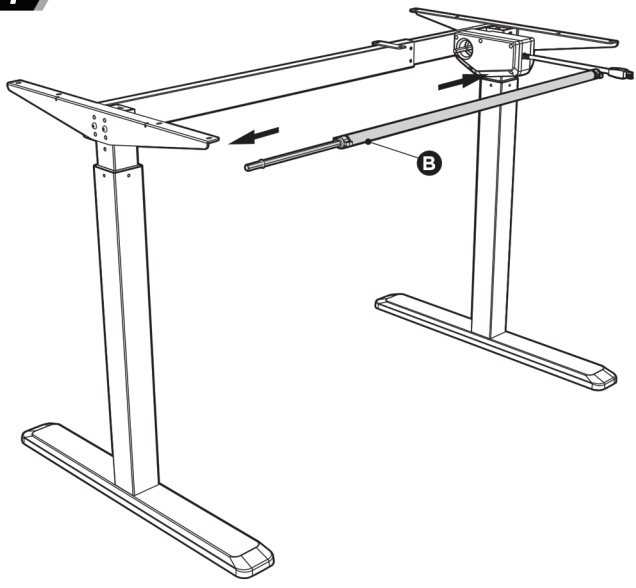

4

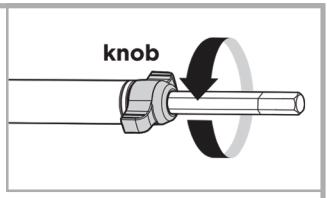

- Attach the side brackets E to the end of the crossbar using the **2 screws S-A** as shown with the **Allen wrench S-G.**
- Repeat the same process to assemble the other side bracket.

7

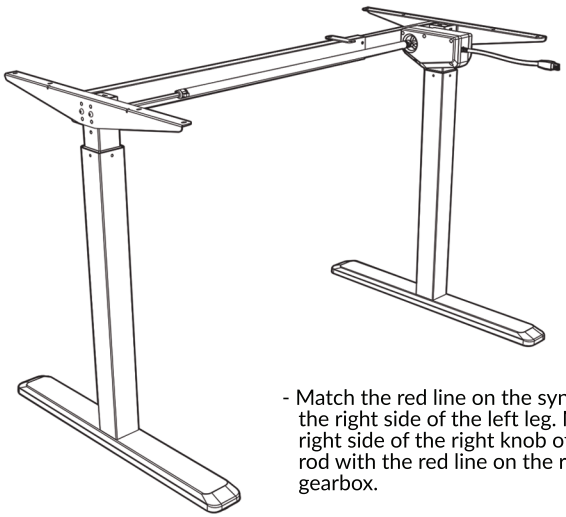

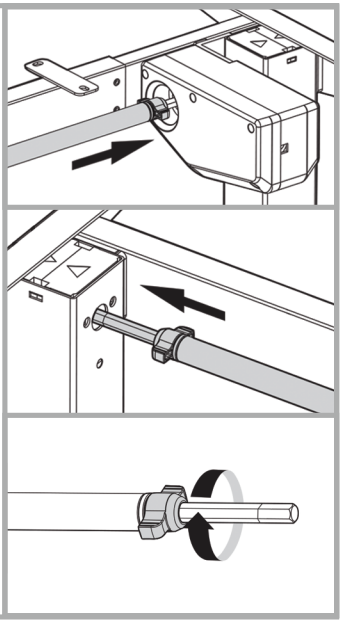

Turn over the UVI Desk Frame with the crossbar facing up. At least two people are recommended when turning over the frame.

- With the frame positioned upright, turn the knob as shown counterclockwise to loosen the **sync rod B.**
- Adjust the sync rod to match the frame's width.

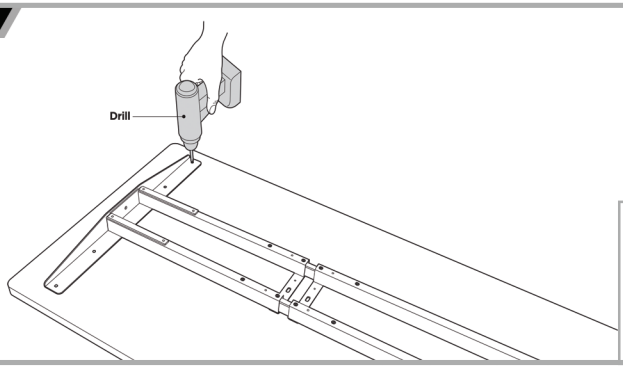

8

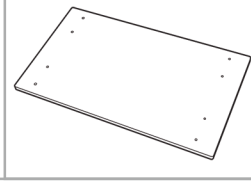

- Match the red line on the sync rod with the right side of the left leg. Match the right side of the right knob of the sync rod with the red line on the rod of the gearbox.
- Retighten the sync rod by using the knob.

5

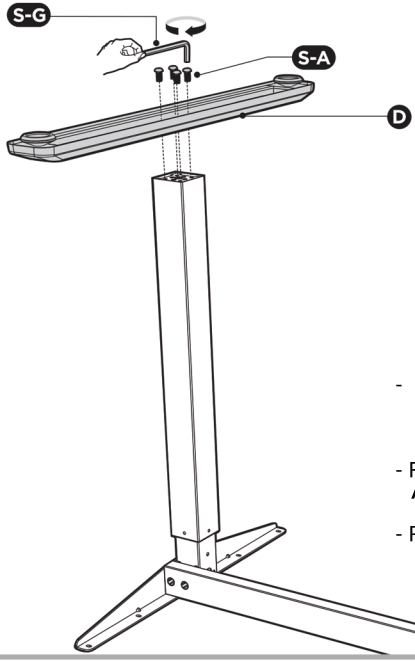

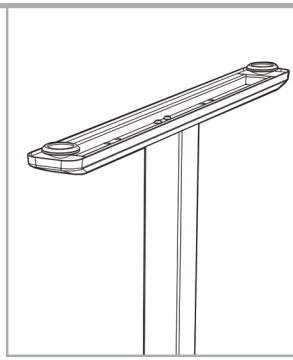

After tightening the screws, use a drill to make mounting holes on the backside of the tabletop through the 8 mounting holes on the side brackets.

Note: *The depth of the mounting holes should be over 10mm and the diameter should be less than 3mm.*

6

- Place the foot on the bottom of the leg. Align the mounting holes on the foot with the screw holes on the leg.

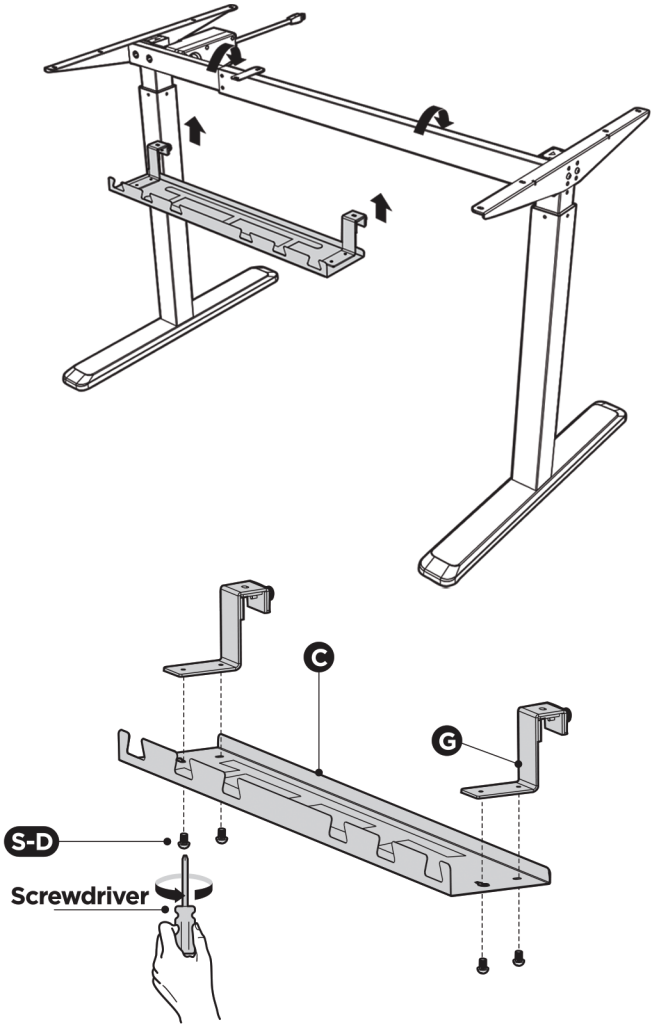

- Fix the **foot D** using **4 screws S-A** with the **Allen wrench S-G.**

- Repeat the same process to assemble the other foot.

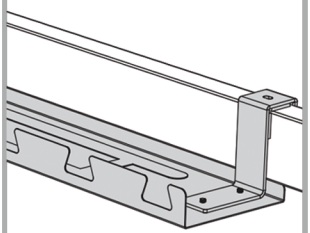

Assembling the Cable Management Tray

Align the mounting holes on the tray hangers with the screw holes on the cable management tray. Assemble the tray hangers to the cable management tray C with 4 screws S-D from below using a screwdriver.

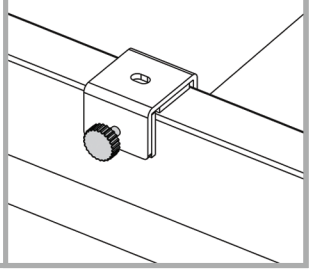

9

Hang the cable management tray on the crossbar as shown.

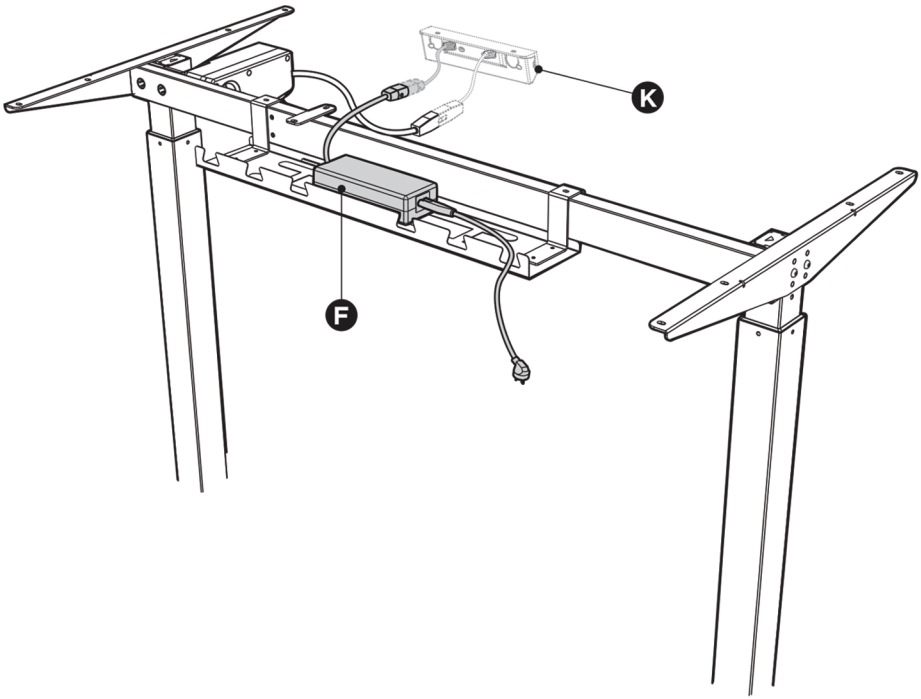

Tighten the knobs on the tray manager.

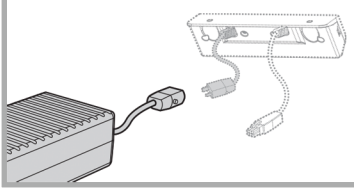

Connecting cords and attaching the AC Adapter

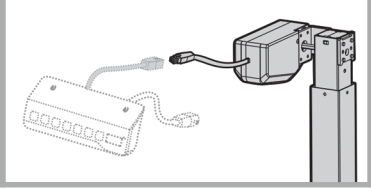

- Connect the AC Adapter F with the controller K.
- Connect the controller with the lifting column.
- Insert the power plug J into the AC adapter.

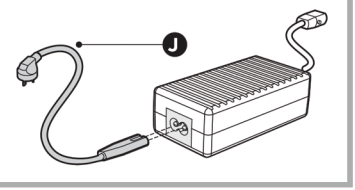

10

Note: The picture of the controller is only a reference. Actual product may vary.

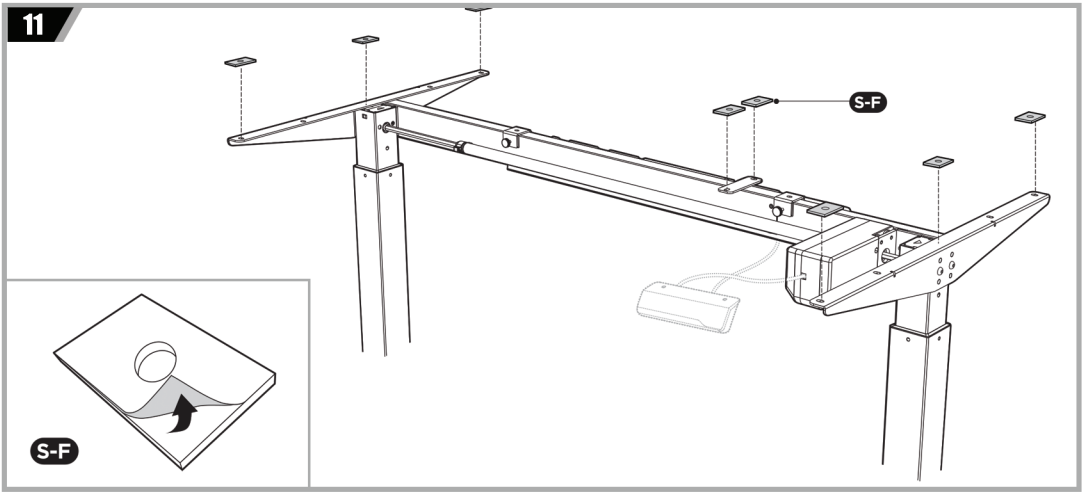

Assembling the Desktop

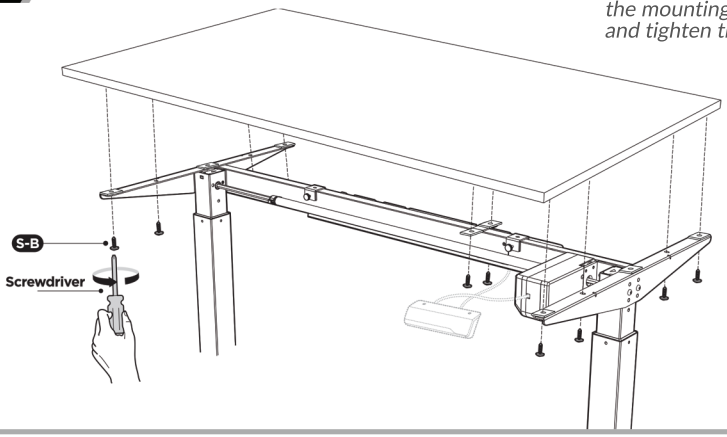

Remove the backings of the adhesive rubber pad S-F. Stick them to the surface of the crossbar on the eight positions as shown.

11

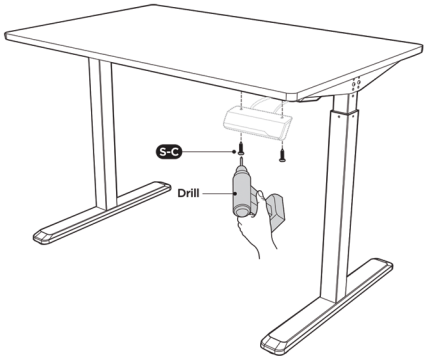

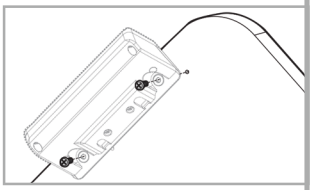

12

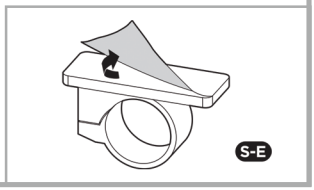

- Align the previously drilled screw holes with the mounting holes on the crossbar. Insert and tighten the 10 screws S-B from below.

13

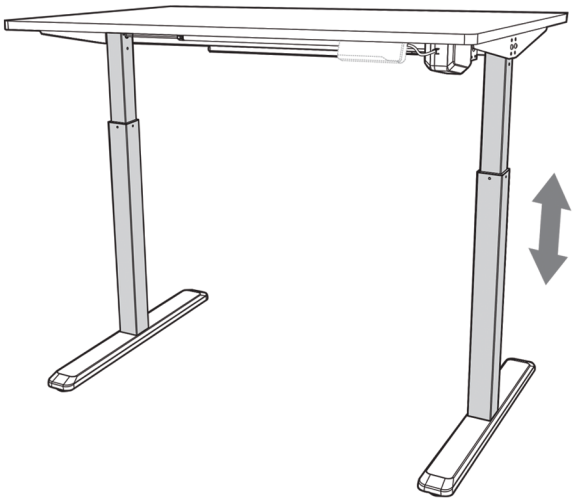

- Attach the controller to the desktop with 2 screws S-C using a drill.
- Stick the adhesive cable clip S-E under the desk to organize cords.

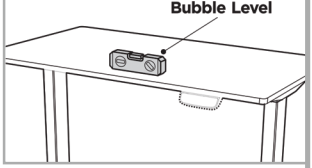

Low Profile Adjustment

There are two adjustable foot pads under each foot. If the floor isn't even, simply turn the pad to adjust the height to make the desk stable. Connect the desk to a power outlet.

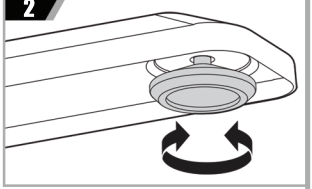

Tip: Use a bubble level to check if the desktop is even.
